

## GUEDE KANON GUEDET

**Email:** kguedson@tongji.edu.cn

**Phone :** +86 15951716372

### **EDUCATION :**

2019-2024: Ph.D. in hydrology, Hohai University, China

2013-2016: MSc in hydrogeology, University Félix Houphouët Boigny, Cote d'Ivoire

2008-2013: BSc in geology, University Félix Houphouët Boigny, Cote d'Ivoire

### **WORKING EXPERIENCE:**

04/2025-present: Postdoc, Tongji University, China

### **RESEARCH INTEREST:**

Hydrological Modeling; Cold-region hydrology; Climate Change; Geostatistical Analysis; Landuse Systems; Permafrost hydrology; Remote Sensing.

### **PUBLICATIONS:**

**1- Guédé, K. G.**, Zhongbo Yu , Slobodan P. Simonovic, Huanghe Gu, Ghislain Franck Emani, Ousmane Badji , Xuegao Chen, Brice Sika , Bernard Adiaffi (2025). Combined effect of landuse/landcover and climate change projection on the spatiotemporal streamflow response in cryosphere catchment in the Tibetan Plateau. **Journal of Environmental Management**. (SCI) - Q1 Link:  
<https://doi.org/10.1016/j.jenvman.2025.124353>
